Mr. Biles, who was eighty-four years old, fell asleep and was awakened by his coat burning. Before he could put the fire out he was burned so that he died in two hours after a most suffering and terrible agony.

FOR MURDERING HIS SON.

John Votoli, a low-browed, brutal-looking young man, was put on trial in General Sessions to-day for the murder of his six-year-old son, whom, in a fit of rage, he threw out of the window of his house, 121 1/2 street early in January.

Votoli's defense is the plea of insanity, but a commission appointed in April to inquire into his mental state found him to be sane.
